2. Scope and Period of Validity

- 2.1 The Venue Rules are designed to guide the Visitors through their stay at the Event, from entering the Venue till leaving the Venue. "Venue" includes all areas used for the Event. The Visitor enters the Venue by passing the security check and leaves the Venue through the exit.
- 2.2 The Venue Rules shall be valid from the time the Visitor enters the Venue until the time the last Visitor leaves the Venue after the Event.

3. Purpose of the Venue Rules

The purpose of the Venue Rules is

4. Entry to the Venue

Anyone who intentionally or negligently fails to comply with these instructions may be removed from the Venue by the security service or the police.
- 4.2 Entry to the Venue can only be gained with a valid ticket or accreditation. Tickets become void as soon as the spectator leaves the Venue during the Event, unless the Organizer provides a procedure for re-entering the Venue with the ticket (e.g. re-scan of the tickets, marking stamps). Entry to the Venue with counterfeit tickets will be denied and will unexceptionally be prosecuted under criminal law.

- 4.3 Access control and security check will be carried out at all access points to the Venue during all Events. Upon request, a Visitor must show proof of his or her identity with appropriate ID.

Upon request of the security service, the Visitor must present proof of his/her identity throughout his/her entire stay at the Venue. Failure to do so may result in a Visitor being refused from entering the Venue or being asked to leave the Venue. Validity and use of tickets are specified in the Organiser's General Terms and Conditions.
- 4.5 All persons seeking entrance to the Venue acknowledge the Organiser's right to search any person and their belongings for hazardous or otherwise prohibited items. The search may include clothing, bags and other items. For this purpose, technical aids and devices can be used. The search must be conducted by a person of the same sex.
- 4.6 Stewards and security officers are entitled to refuse entry to the Venue any person refusing to submit to such a search or compromising the purpose of the Venue Rules due to a particular personal condition (e.g. alcohol or drug consumption). The same applies to any person carrying hazardous or otherwise prohibited items (see Section 4.9 below). In such a case, claim for refund will not be entertained. It is at the steward's or officer's discretion whether to permit entry to the Venue, if the hazardous or otherwise prohibited items are left outside the Venue.
- 4.7 Any illegal items will be confiscated and handed to the police together with the personal data of the items' owner.

6.2 The spectator area along the course (e.g. racing course, cross-country skiing trail, landing hill) is located in steep, wintery terrain; access is limited and at his/her own risk; directions and control barriers must be observed.

6.3 The Visitor is made aware of the fact that the noise at the Event can be very high and may pose a risk to the hearing/health of the Visitor. The spectator has to take appropriate precautions. This in particular applies to children, for whose safety precautions the accompanying person must take care of, and individuals with sensitive hearing.

6.4 Anyone visiting an Event does so at his/her own risk. The Organiser shall be held liable in compliance with the Terms and Conditions. Accidents, damages and injuries shall immediately be reported to the Organiser at the facilities intended for such incidents.

7. Non-compliance

8. Filming, Photography and Taping

In this context, the Organiser is entitled to grant third parties the right of utilisation.

- 8.2 Ticket Holders consent to video surveillance in all spectator areas due to safety reasons and to sanction violations of the law or the Venue Rules. This is legitimate due to § 12 para 3 Z 2 of the Austrian Data Protection Act, since video recordings are necessary to preventively protect persons and objects at publicly accessible places, which are subject to the Organiser's domestic authority. The footage is automatically deleted after 72 hours unless it is needed for conservation of evidence or needed to be forwarded to the competent authority, court or national security authority.
- 8.3 Images, video and sound recordings, descriptions, results and/or statistics of the Event taken by a Ticket Holder cannot be used for any purpose other than for private and domestic purposes and a Ticket Holder may not license, broadcast or publish video and/or sound recordings on the internet, radio, TV or other present or future technologies, and may not exploit images, video and/or sound recordings for commercial purposes under any circumstances.
- 8.4 The Ticket Holder shall grant the Organiser the right of utilisation on pictures or videos showing scenes of a sports competition as soon s/he exploits these commercially (e.g. monetised YouTube channel).
