CONTACT DETAILS & INFORMATION

About St. Anton am Arlberg

St. Anton am Arlberg is regarded as one of the most renowned winter sports destinations in the world and is a founding member of „Best of the Alps,“ a prestigious network of the top 10 Alpine resorts. Each year, piste and freeride enthusiasts from over 50 nations visit this charming mountain village and its ski area, which boasts more than 300 kilometres of marked runs, 200 kilometres of off-piste terrain, and 85 lifts and cable cars.

St. Anton am Arlberg, the cradle of alpine skiing, has been closely intertwined with the history of winter sports for over 120 years – a place where tradition meets innovation. But that’s not all: the communities of the Tyrolean Stanzertal – from St. Anton through Pettneu, Schnann, Flirsch, and Strengen – combine authentic mountain sports with genuine hospitality.
